

Direction for use

Guardian Ink- and Lipstick Remover

Guardian Ink and Lipstick Remover is water-based and made to remove ink and lipstick stains from "smooth" types of leather.

Gently rub the product directly over the spot a few times.

Once you see the ink or lipstick start to dissolve, use a soft cloth to wipe away both the ink remover and ink mark or lipstick.

Repeat if necessary.

After the product is used, the leather should be treated with Guardian Leather Cleaner and Guardian Leather Conditioner.

Keep out of the reach of children.

Always test the product on a piece that is not visible before use.

We hope you enjoy using Guardian Ink- and Lipstick Remover!
