

Direction for use

Guardian Leather Protector Wipe

For aniline, semi-aniline and top-coated leather.

The product is specially developed for protecting leather from discolouration/stains from clothes, make-up and similar dyes.

Apply to the leather in circular motions using gentle pressure without pressing or rubbing hard on the leather.

After application, allow the leather to dry for two hours before use.

The leather must be treated with Guardian Leather Conditioner after approximately 6 months and should subsequently be treated with Guardian Leather Conditioner 3-4 times a year.

Always test the product on a non-visible surface before use.

Attention: Do not swallow.

Avoid contact with eyes. In case of contact, rinse with plenty of water.

Wash hands after use.

Keep out of the reach of children.

Always test the product on a piece that is not visible before use.

We hope you enjoy using Guardian Leather Protector Wipe!
